WAR'S TOLL AT LIEGE 25,000

STORES OF CITY TO CLOSE ON MONDAY

During the Hours of Funeral of Mrs. Woodrow Wilson, Richmond Mercantile Houses Will Lock Doors.

DETAILS NOT ARRANGED

Funeral Will Probably Be Held in Rome, Ga.; President Prostrated Over Loss of Wife; Washington Mourns.

On Monday, during the hours of the funeral of Mrs. Woodrow Wilson, Richmond stores will close their doors as a token of respect and sympathy over the loss of the First Lady in the Land.

The hours of the funeral have not been announced. It is thought that the funeral will be held in Rome, Ga., and that the services will be unpretentious and only open to the most intimate friends and relatives.

The President feels deeply the loss of his life companion, but bore up bravely under the blow, transacting much urgent business.

Flags throughout the nation are hung at half mast, and everywhere deep sympathy is shown, and Washington society is in deep mourning.

C. A. R. VETS ARE TAKEN INTO U. S. W. V.

Grizzled Warriors Taken As a Body Into the Ranks of Youngsters.

The entire remaining members of the Richmond Post of Grand Army of the Republic was last evening received into the ranks of the John Stotsenburg Camp of United Spanish War Veterans as honorary members. There are fourteen members of the fast fading G. A. R. men, who belong to the Richmond Post, and although they are not all in town at present, they were taken in as an entire body.

One candidate was also taken into the ranks of the U. S. W. V. also and the meeting proved to be one of the most important ever held.

A surprise was sprung last night when an elaborate banquet was found to be spread in the banquet room of Bank Hall, a treat of the Women's Relief Corps, the commendable auxiliary of the G. A. R.

The members taken in from the G. A. R. were Levi Boswell, Henry Galvin, T. E. Burton, C. H. McCausland, John A. Neill, B. M. Chambers, John Lee, Thomas Allen and Rudolph (Continued on Page Five.)

CARTER ARRESTED FOR BEATING HIS WIFE; RESISTS THE OFFICER

After resisting Sergeant George Betts of the Richmond police force, and after locating his wife, Tom Carter, a negro, who has figured in police episodes in the city, was arrested last night.

His wife, bleeding from a split mouth, and severe bruises on her head and body from his merciless beating, was given to the care of Dr. I. P. March, who dressed her wounds, and sewed the gash in her chin and lip.

WHITE CONQUERS IN 18 ROUND BATTLE

Before a Tremendous Crowd of Fight Fans the Chicago Whirlwind Was Given Credit for a Knockout Near End.

SACRAMENTO LAD TOO SLOW

Azevedo's Condition When Decision Was Rendered Forced Referee to Stop Fight; Fought Bravely to Last.

Special to Daily News.

San Francisco, Aug. 7.—Charley White was, in the eighteenth round, proclaimed victor in the 26-round fight with Joe Azevedo at the eighth street arena last night.

The last Sacramento lad, who had a host of followers, proved no match for the battler from the Windy City, and in the eighteenth round the referee stopped the fight, giving White credit for a knockout.

The fight attracted more than the usual attention, and Azevedo's followers believed that he would be able to withstand the rapid blows from the whirlwind White.

The experienced Chicago boy was too much for him, and after holding out bravely to the eighteenth round, the fight was stopped.

Had Azevedo won the fight it would have placed him high in the sporting limelight.

White's victory will simply add another laurel to a wreath already well supplied.

FIRING HEARD OFF NEW YORK HARBOR

New York, Aug. 7.—Heavy firing of general volume and at short intervals, lasting more than an hour, was heard today 60 miles southeast of Scotland light by officers and crew of the steamer Scottish Prince, which arrived here this afternoon from Trinidad.

Captain Naylor said that the firing was very distinct and that the shots appeared to come at very quick intervals.

He saw no warships during the voyage.

The Scottish Prince carried 11 passengers. She sailed from Trinidad July 31.

This development is regarded as of grave significance.

British, French and German warships have been hovering in the lane of the liners off the Atlantic coast since the outbreak of hostilities.

They have been lurking off New York to guard or attack liners attempting to make Atlantic passages despite the war. The wireless and ships reaching eastern ports have reported pursuits and engagements.

The British cruiser Exeter has been most active, being one of the squadron that guarded the Lusitania at the start of its trans-Atlantic dash.

CLASH OF LAUNDRY DRIVERS REVEALS NEW KINK IN BUSINESS

Some drivers from laundries in Oakland who solicit business in Richmond have been representing themselves as from Richmond laundries, it is alleged.

In some instances the local laundry drivers having run onto the outside driver in the midst of their operations, have demanded that the bundles be turned over to the laundry for which the unsuspecting housewives had intended them.

COUNCIL SITS AS EQUALIZATION BOARD

The city council met last night to sit as a board of equalization. They commenced the work of determining the cost of running the city's government, and before the end of their session an equalization board they expect to have arranged the apportionments to the various departments requiring city money.

The hall was elaborately decorated and a color scheme of red and white was carried out.

Light refreshments were served, following the awarding of prizes.

Mrs. John Paine won the first ladies' prize, which was a cut glass bowl. The second ladies' prize, a table scarf, went to Mrs. A. J. Soto; the third, a sugar bowl and creamer.

WOODMEN DELEGATES GO TO FRUITVALE LODGE FOR EXECUTIVE COMMITTEE

G. C. Henley, Chris Thies and A. Beckerleg, members of local No. 837, Log Cabin camp of Woodmen of the World, journeyed to the Alameda county executive committee meeting at Fruitvale Camp on Thursday evening.

Next Thursday night the local members will assemble at their regular meeting in the Pacific building in Oakland to assist in consideration of a membership campaign.

Belgrade by the Austrians, which began without notice on July 29, has continued almost steadily since. The capital was crowded with women and children when the Austrian artillery opened fire, and there was a rush for the country, but the people were obliged to return because of the concentration of food supplies here.

In the first few days the people were terror stricken, but gradually they became calmer and the merchants reopened their shops.

The royal palace, the British and German legations and most of the large buildings of the city have been struck by shells.

The legations and consulates are filled with frightened nationals, who had gathered at the buildings in the hope that the neutral flag would be respected by the Austrians.

MANY DEFENDANTS ARE IN THIS ACTION

George S. Montgomery Seeks to Foreclose on Richmond Lots Owned by V. E. Campbell and Wife.

Martinez, Aug. 7.—V. E. Campbell and Katherine Campbell, his wife, together with C. R. Hochkies, George E. Harlan and Clyde J. Harlan, his wife, Earl Smith, G. E. Covington and Charles F. Brown, trustees for Earl Smith, W. T. Neff and several fictitiously named persons are made defendants in an action of foreclosure brought by George S. Montgomery against the first two named.

The others are made party to the suit, as it is set forth that they claim interest in the property involved.

The action is to foreclose upon lots 11, 12 and 13 in block 14 of Osborn's addition to the town of Richmond in the amount of \$4323.50. F. A. Berlin of Oakland is attorney for the plaintiffs.

WE WILL FIGHT TILL LAST MAN OR HORSE EXPIRES! CRIES THE KAISER

Berlin, Aug. 7, via London, 1:15 p. m.—A proclamation by Emperor William addressed to the German nation was published in the Official Gazette today. The text was as follows:

"Since the foundation of the German Empire it has been for 43 years the object of the efforts of myself and my ancestors to preserve the peace of the world and to advance by peaceful means our vigorous development.

"Our adversaries, however, are jealous of the success of our work and there has been latent hostility to the east and to the west and beyond the seas.

"This has been borne by us till now, as we were aware of our responsibility and our power.

"Now, however, these adversaries wish to humiliate us, asking that we should look on with folded arms and watch our enemies preparing themselves for the coming attack.

"They will not suffer that we maintain our resolute fidelity to our ally, who is fighting for her position as a great power and with whose humiliation our power and honor would be equally lost.

"So the sword must decide. In the midst of perfect peace the enemy surprises us. Therefore, to arms.

"Any dallying and temporizing would be to betray the fatherland.

"To be or not to be, as the question for the empire which our fathers founded. To be or not to be, is the question for German power and German existence.

"We shall resist to the last breath of man and horse, and we shall fight out the struggle even against a world of enemies.

"Never has Germany been subdued when she was united.

"Forward with God, who will be with us as she was with our ancestors."

HEALTH REPORTS.

There is a law on the California statute books which requires physicians to report promptly all births, deaths and contagious diseases to the health department.

The purpose of the health department is to keep tab on these things. We hold the health commissioner responsible for records on these things, and the only manner in which he can secure his records is for physicians to report to the health department promptly.

When Commissioner Blake has to take his time and the time of his assistants to gather the information which should come to his office without his having to play newspaper reporter and secure it, Dr. Blake loses valuable time for which the public pays him, and during which he could be devoting himself to work of more importance to the public than gathering data which the physicians should turn into the office.

If the law requiring prompt report of births, deaths and contagious diseases is not a good one, let's get together and have it repealed. If it is a good one, let's live up to it, anyhow, so long as it is on the books. It should be complied with by the physicians and citizens generally.

The physicians have not been prompt, at least some of them have not, in reporting these cases and the time of the health commissioner has been occupied in getting its information.

When the reports are not up to date, or when births of months back are interspersed with late reports the public censures Commissioner Blake and it is said of him that he is not doing his duty. If he gets the reports up to date he has little time for anything else.

The Daily News is not chiding the physicians because it believes they do not want to comply with the law, but because it believes they are careless about these things.

This paper is not saying these things for Dr. Blake, but for the public, because the public pays Dr. Blake to devote his time to the best advantage and gives him more work than he can well do in an ordinary working day. So let's all help the health commissioner and be prompt with these reports and not force him to go after them. That's not his duty.

A NATION BEREAVED.

The grim reaper has seen fit to take from active life on this sphere the wife of our President. All the country mourns with him, not as a mark of respect to our chief executive alone, but because the wonderful womanly woman who graced the White House was a humanitarian, she was a good woman, a noble woman, and her death is truly a gain to Heaven and a loss to the nation at the head of which is her husband.

But Mrs. Wilson's life was well lived and her death is not in vain, for she was as noble in her bravery as she entered the shadows as she was in her active life.

To the last she was considerate and solicitous for her husband. In those last hours he was not Woodrow Wilson, the President of the United States, but he was Woodrow her sweetheart, her husband, a man whom, with all the tenderness of a good woman's nature she had helped and mothered, and that mother instinct was dominant in her to her

last breath, when she whispered to Dr. Grayson: "Promise me you will look after Woodrow and take good care of him."

Through all her long months of suffering this remarkable and noble woman's chiefest care was that "Woodrow mustn't be bothered." She was willing to forego the attentions of her lover in order that her country might have his undisturbed attention and service, and Mrs. Wilson, showed by this more than by any other one thing, perhaps, her wonderful nature.

She mothered three girls, who grew to be fine, noble women, and in these she has left her good work to live after her.

Her life and her nature will be an example that will live forever, for other women to follow, and thus she has made the world better for having lived in it.

While the blow to her husband and her children is a sad one, yet it is for the best. Mrs. Wilson lives on, her spirit, her intellect, exists yet in a broader, grander sphere than this and she is happier now than she was before. Still she watches and guides her loved ones and it would be cruel to wish her back in this life. She has gone to her reward, the reward of him who lives well the life given him here, and she is happier far than she was yesterday.

The sympathy of a nation goes out to our President and his children. Political lines have vanished. We are all just humans in this hour sympathizing with other humans in distress, and we offer as the consolation to the bereaved in this their hour of grief the fact that the wife and mother lived and passed out a noble woman, one of God's own, and her reward has reached her.

Peace to her rest and everlasting may her memory remain.

FAIR DEALING.

The Martinez Daily Standard, regarded, and justly so, as the leading exponent of the sentiment in the eastern end of the county, has again shown itself to be fair in its dealings with the western end of Contra Costa. The Standard has shown a disposition to be willing for Richmond district to get what is coming to it as one of the most densely populated centers of the county in the way of county offices.

In yesterday's issue of the Standard it forgot geography and topography and boosted for a Richmond candidate, and we desire to express for Richmond our thanks for this mark of fairness and broad citizenship on the part of our respected contemporary.

The Standard said: Thomas D. Johnston, present assemblyman, attorney and formerly an assistant in the office of district attorney of this county, is making an active canvass for the nomination for district attorney at the August primary.

Thomas D. Johnston is a self-made man in all that the word implies. He began life as a carpenter and was a member of the local union of that craft. He taught school and then he studied law and was admitted to practice his profession. He has won his way by willingness to work hard, by his honesty to his clients and by his natural ability. He has served this county for four years in the

Legislature and did good work there. He supported Hiram W. Johnson in nearly every progressive measure at the last session. He is the author of the present non-partisan law, by which every man running for a county office has an equal chance and whereby the crack of the old whip is a thing of the past.

Johnston has served in the district attorney's office as the chief assistant and his record is good. During his term there he was, above all, fair. When he believed a man guilty he prosecuted him vigorously. Tom Johnston, though a Richmond man, is known to almost every citizen of the county. He owns his little home in Richmond and even those opposed to him cannot say that there are better qualified.

RAYMOND RICHMOND IS GIVEN PLACE OF HONOR BY PLACER COUNTY OFFICIALS

Auburn, Aug. 7.—Raymond S. Richmond, formerly of the Richmond Daily News, and at present one of the proprietors of the Auburn Daily Journal, was last night chosen secretary of the Auburn Chamber of Commerce at a very good salary. The holding of such an important position places Richmond in an influential position in Placer county. He will assume his duties next month, taking the place of Secretary John R. Livingston, who resigned.

9000 CORN GROWERS FROM 33 STATES TO EXHIBIT AT THE EXPOSITION

San Francisco, Aug. 7.—Nine thousand young Burbanks of the corn fields—boy and girl delegates to the convention of the National Top-Notch Farmers' Club—are expected to visit the Panama-Pacific International Exposition in a body in 1915. These delegates will represent every great corn producing county in 33 states of the Union, three representatives being chosen from each county by the governor of each state.

Each of the 9000 delegates has earned the honor by producing a record-breaking acre of corn. Each will bring with him his unique credentials in the shape of ten ears of his prize corn to place on exhibition, in competition with the world.

AUDITOR WILL REMAIN IN OFFICE TO FACILITATE HANDLING OF MANY BILLS

Auditor Wetmore of the Richmond Water District will be in the Sixth street office adjacent to the postoffice, between the hours of 5 and 6 p. m. to meet all persons having bills against the district. This arrangement was found necessary to handle the large number of outstanding bills.

CALIFORNIA HOME BUILDING COMPANY MAKING PROGRESS

The California Home Building Company yesterday completed the handsome new residence of City Engineer H. D. Chapman, on Crest avenue. It is needless, however, to say that it is one of the most modern, up-to-date homes that has been built in the city of Richmond for some time. There has been nothing overlooked which will tend to be of beauty and art and convenience in this new residence, and marks the high standard for which the California Home Building Company is noted, and it will be the endeavor of this company to construct all of their buildings along these lines.

It is not only a residence that adds beauty and value to the residence section of this city, but it is a credit to the owners and to the builders, and one that both can be very proud of.

The writer, in conversation with the architect and landscape artist of the California Home Building Company, stated that the plans for the building up of their tract of land

are progressing very rapidly, and it is the intention of the company to commence building operations on this tract at the earliest possible date. It will be one of the most modern, complete residence sections to be found anywhere in this section of the country. It is the intention of the company to do everything possible to make this section the banner residence section of the city.—Adv.

N. A. RICHARDSON ON MUNICIPAL OWNERSHIP

Socialist Candidate for Governor
Tells Richmond Public of
Cleveland's Experience.

Speaking to an audience of about one hundred, Noble A. Richardson, candidate for the Socialist nomination for governor, last evening told of the experience of the city of Cleveland, O., in regard to its acquisition of the municipal lighting plant, and of the great saving to the city, and the increased efficiency of the city owned plants' service.

Another example he spoke of and emphasized was that while a steel worker is able to deposit a dollar a month in the bank by dint of much saving, the worker's employer is able to deposit \$90 as the earnings off of that and every employee of his factory.

Richardson is a very fluent and convincing speaker, and in his home town of San Bernardino, where he is a grocer, he is highly esteemed by his fellow citizens. The meeting was held in the auditorium of the Lincoln school.

Typewriters rented \$8 a month.

HOP KINGS REFUSED ARMED GUARDS IN PLACER CO. TROUBLE

Sheriff Believing I. W. W. Will Not
Disturb Fields; Posse
Could Act Quickly.

Auburn, Cal. Aug. 7.—In spite of the fact that E. Clemens Horst and Durst Brothers, hop kings, who have holdings in this county, have demanded that Placer county furnish armed guards to guard against possible riot and destruction on their property by the Industrial Workers of the World, the Board of Supervisors yesterday decided not to precipitate trouble by putting armed men on the Placer holdings.

The action taken by the board on the matter was at the instance of a large number of prominent county residents, who gathered at the meeting and stated that there was no need for the guards.

Will Watch Fields.

T. B. Phillips and G. A. Zermán, two men residing near Sheridan, who were on the committee appointed by the Board of Supervisors to inspect the hop fields and report on conditions and on the value of the property, will keep in close touch with affairs at the hop fields and in case of the brewing of trouble with immediately advise the local officials. A better telephone service will also be installed.

Can Get Men There.

Sheriff George McAulay said yesterday that in case of trouble he could get a posse to the Placer hop fields in two hours. He saw no need of appearing antagonistic by putting guards on the grounds. Campers will be kept on the move, according to McAulay, and no large crowd will be allowed to congregate. In this way it is thought that trouble can be averted.

Value Is \$72,100.

Zermán, Phillips and Grover Conrey gave a report to the supervisors on the value of the hop property in this county. They fix the total valuation at \$72,100.

The report states Durst brothers have 65 acres, on which the crop is valued at \$200 an acre, a total of \$13,000; the Horst company has 240 acres, on which the crop is estimated to be worth \$48,000. The improvements on the two ranches are worth \$11,100, a total of \$72,100.

BOILERMAKERS WILL GIVE A BIG DAY OF FUN AT EAST SHORE PARK

Local Boilermakers, as well as hundreds of other boilermakers from the bay region, are now counting the days to the 6th of September, when "The Big Time of the Year" will take place in East Shore Park.

The annual picnic of the Boilermakers, Irish Shipbuilders and Helpers of America No. 317 will be held then and with a union orchestra dispensing music all day a fine time is promised all who attend.

Games, races, sports and prizes at the gate will be features of the day. The committee handling the affair redit that it will be one of the liveliest and most elaborate ever given by the local union.

LABORERS' UNION DISCUSS COUNCIL RULING REGARDING WORK ON THE STREETS

The local union of Laborers held their regular meeting in Musicians' Hall last night. Regular business occupied the session. A discussion took place in regard to the recent edict of the city council, that no man could work on the streets for a length of time greater than three months.

TEAMSTERS' LOCAL IS SURPRISED BY A DAINTY LUNCHEON

Following Business Session, Members Are Notified That a Luncheon Is Waiting For Them.

The meeting of the Teamsters' local last night was well attended, and following the completion of the regular business a surprise was given the members.

Immediately following the completion of the routine matters which occupied the early part of the session, refreshments were served. H. Lottman of the Enterprise Brewery sent up a goodly supply of food and drink, and the latter part of the evening was spent pleasantly by the members.

Richmond All Ready For Concord

Local Elks, With 400 Home Boosters To See Game

SPECIAL TRAIN SECURED

Tomorrow morning one of the biggest excursions to witness a ball game in this season's history will be made. More than 250 tickets have already been sold, and reservations made for 400.

The conflict between Richmond and Concord is not only causing a flutter of excitement in the two most interested cities, but excursions have been arranged from Crockett and Antioch, as well as other nearby towns, which have their eyes on the coming mix-up.

Owing to the fact that Concord has imported several of its players from near-by towns, the game is considered of more than usual interest.

The Richmond team has spent much time in practice for the coming event, and are ready to go to the bat with a confidence of victory. The Concord boys, although crack players, will be a fair match for the home team, and speculation is rife on both sides as to the victor.

The special excursion train will leave Richmond at 10 o'clock Sunday morning, returning after 5. The Richmond band has been enlarged to 20 pieces for the occasion, and are going along to assist in making Richmond heard on the diamond.

Concord is boasting about the amount of money it has to place on its home team, and many Richmond fans have been saving their shekels for the past few days with a view to investing it in the Concord field on the home securities.

Another cause of much talk in the

baseball circles is, the new first baseman, Wade, of Vallejo. Although the management of the Elks refuse to say that they intend to keep him if he makes good, and although no definite statement has been made by Wade that he is willing to sign up for the balance of the season, it is generally conceded in Vallejo circles, and is much talked of here, that he will play with the local Elks as a part of the regular nine if he makes good Sunday.

The Vallejo sporting fraternity have issued a sort of cross between obituary notice and growl of disapproval over his coming to Richmond, and after praising his ability as a ball player in no uncertain terms, add that he will be a heavy loss to them should he remain with the home team.

Oroville leads in club batting average, with a percentage of .783, with 9 home runs out of 16 games and 554 times at bat.

Flanagan of Marysville has the distinction of knocking an average of one home run a month. He leads in home runs for this season, although only third in average in the individual batting records. Peters of Chico is the champ three-base hitter.

A jester asks Marysville whether the team is to appear in B. V. D.'s in the absence of suits.

SPORT GOSSIP

"DUTCH" KLAUITTER was taken sick while pitching yesterday afternoon at Ewing field, and forced to quit. Nothing has been given out as to his condition, but it is thought that he will be under the weather for a couple of days. Prough relieved him yesterday.

THE JUNIOR OLYMPIANS are to have an outing, and will have a big day on August 9 at Woodacre, Marin county. Swimming races and other events have been arranged.

JAPAN has sent 54 wrestlers to this country.

WALTER JOHNSON is celebrating his seventh anniversary as an American league pitcher today. It was in August, 1907, that the premier hurler of them all joined the Nationals, coming from a semi-pro club in the West.

ELMER ZACHER is getting panned, panned and panned again these days. Many fans think that he is not even a bush player, and do not hesitate to express their feelings. He has pulled some rather raw plays of late, and many are watching him and fearing for his fate.

JACK COOMBS, pitcher of the world's champion Philadelphia league team, made his first appearance of the year in the box, pitching six innings against Grand Rapids Central league champs in an exhibition game. He was hit safely eight times. The Athletics won, 7 to 5.

DICK DICKSON will meet Young Ad Wolgast Tuesday night at the Piedmont pavilion. Eight other bouts are on the card, and much preparation is being made for the event.

LEE MEADOWS, a giant right hander, from the Durham, N. C. club, who pitches with and wears glasses at the same time, was purchased by the Cardinals. Despite the fact that he has to take care of his eyes while on the hill, Meadows is hailed as a winner, and is considered a crack man.

REDMEN TURN UP NOSES OVER CALWAS

CALL GRAPE SQUEEZERS BUSH LEAGUERS OF THE WORST TYPE; REFUSE GAME

The local Red Men, all puffed up over their victory with the Calwas, last Sunday, are strutting around with a much swelled up chest, and possibly—note, we only say possibly—a swelled up head.

"Whaddya mean, we're goin' to play three games with Calwa?" their manager said yesterday. "We won't play those bush leaguers until some time when we can't get a game with a real team. That's the way they treated us, and anyway, we can't afford to miss playing real games just to lick those grape juice fellers. And with that, two Auburn-haired, strong armed leaders of the Red Men spat thrice upon the ground, looked more important, if possible, than they felt, and strode away. They did, however, shout over their shoulders that they would play the Calwas some time before the season ended, for the best out of three games, which they say will only be two games unless the Calwas strengthen up a lot.

NOTICE

When you plan to hold a party, give an afternoon tea or entertain visitors, telephone Richmond 68, and leave word for the social editor.

WINEHAVEN WILL PLAY HERE SUNDAY

MACABEES OF BERKELEY TO PIT STRENGTH AGAINST CALWA TEAM

The Winehaven ball team will play the Berkeley Macabees on the Richmond First-street grounds Sunday afternoon.

The Calwas, who have been trying to arrange for a game for the past few weeks, have found themselves suddenly flooded with offers for games. They have recently lost three men to vacationland, which may explain.

They have had unusually successful games since the return of their manager, "Lefty" Richardson, and with game after game added to the credit side of their ledger, they suddenly found themselves facing a serious proposition. They were not strong enough to tackle Richmond and other big teams, and were too fast for the minor teams with whom they formerly played. Their manager has been putting them through some stiff paces, and it is thought that on their return they will make a break for getting into the fast game as played by Richmond, Vallejo, Petaluma and other fast teams. They hope in time even to pit their skill with the mighty hurlers of Martinez.

In the meantime they are playing their old-time friends, and with the loss of their three best men, are finding it easy to secure games.

TROLLEY LEAGUE

Marysville is in hard lines. With a double-header scheduled for Sunday, their grandstand and club rooms, including suits and equipment, was burned to the ground. Suits will be borrowed, and the Gridley grounds have been secured. Although many are of the impression that the conflagration was the work of firebugs, the team are showing a plucky spirit. "You can't keep a good man down," is their motto.

Colusa fans are scanning with eager eye the notes on the Trolley League doings with hopes of seeing something about a match between the Prune City and the Giants.

Smith of Marysville holds the highest batting average of Trolley league players. His percentage is .515. The next closest competitor for honors is Scruggs of Oroville, with a percentage of .394. Levy of Woodland brings up the rear with a percentage of .204, being number 34.

Colusa and Marysville hold nip and tuck averages for fielding. Both have a percentage of .841, and the same number of games, put-outs, assists and errors.

A Horse Is Worthless

Unless he is correctly shod. To shoe a horse correctly, a shoer must have experience and knowledge. I have studied shoeing for 16 years, having graduated from the shoeing school in Altona, Germany in August, 1902 and I ought to know something about it and I do. But I don't know it all, in fact I never expect to. You see there is so much to shoeing horses correctly that a man doesn't live long enough to learn it all. That's why you cannot afford to have an inexperienced man to work on your horses.
